Information for Parents - October 2020

Dear parents, here is some information.

Barthélemy-Vimont School Council

Yesterday was the first meeting of the school board. The members elected Mrs. Adama Diallo, president of the board. Mrs. Laura Wills was elected vice-president. Congratulations. Parents and staff members have the interests of our students at heart.

Sporting activities

Nothing stops our physical education teachers. In this picture, we see a soccer practice with our students. Even though the government has put restrictions on sports practices because of the Covid, we try to encourage sports in various ways.

Life in the classroom

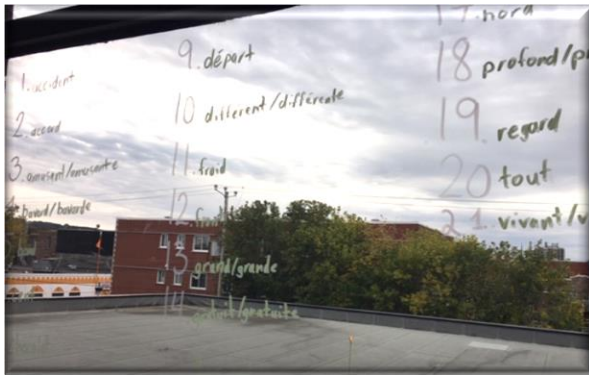

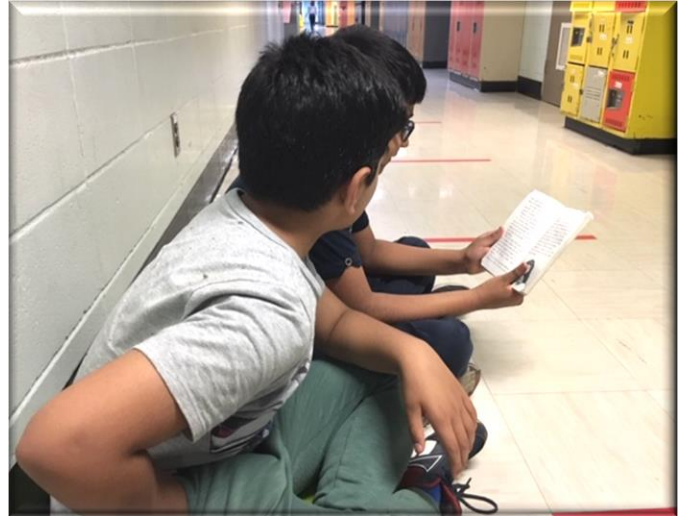

Despite the pandemic, school life remains present and active. Daily activities provide stability for our students. It allows them to see their friends every day and to learn safely.

Cross-country

The cross-country competition between Barthélemy-Vimont and Barclay School had to be cancelled due to health measures. We hope to be able to present the event next spring. Our Barthélemy-Vimont cross-country event for the 2020 edition is almost over. Our physical education teachers will compile the results and then hand out the medals. Congratulations to all our young people who are making great efforts.

Corridor reading

Our students practice reading in pairs, either in the classroom or in the hallway, under the encouragement and supervision of the teacher. All parents are encouraged to encourage their children to read at home. Whether you are a beginner or an experienced reader, every opportunity is good for reading and having fun.

Dictation of words on the window

Several pedagogical activities develop skills in our students. With magic pencils, our students dictate words on the window. Not to be done at home with real markers. Ha! Ha! Ha!

Numerical table

With an interactive digital blackboard, teachers can animate stimulating activities for our youth.

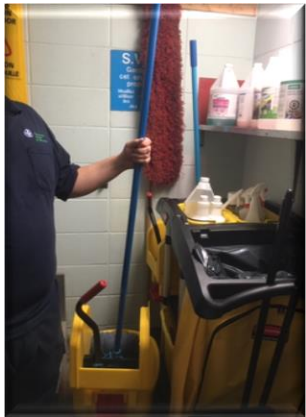

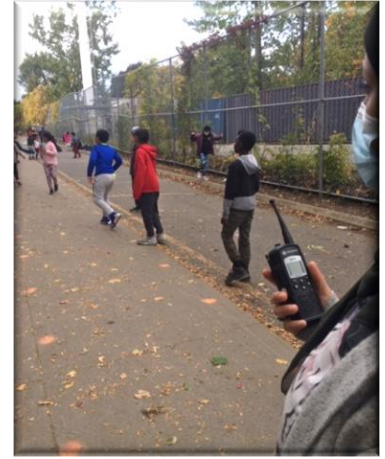

Recreation

Recreation remains just as popular as it was when today's adults were young children. Pear ball is a must play!

Security

The safety of our youth is important. Whether in the playground, in the classroom or at the daycare, school staff ensure that activities are carried out safely.

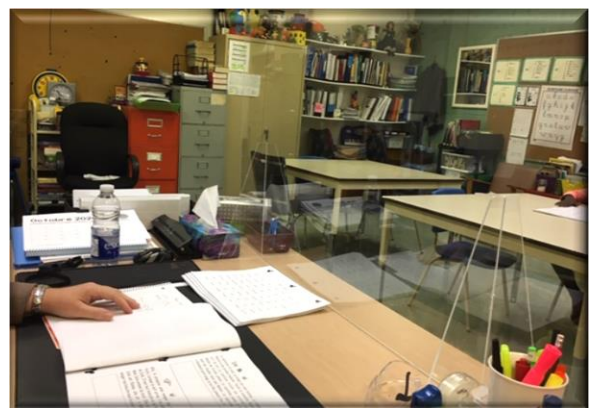

Maintenance of the school

The maintenance of the school is an important element to take into account in the pursuit of our school activities. Our concierge Étienne takes his job seriously. He is shown here with some of his equipment. All the school staff makes an effort to ensure that the school is clean.

Protection

Our orthopedagogue Anne is in the middle of working with students. A Plexiglas wall, invisible on the picture, provides extra protection.

Payment of school materials

You have received by your child's school bag (or will receive shortly) the statement of account for the purchase of your child's school supplies. You will be able to pay online from home.

Vacations and pedagogical days

Monday, October 12 will be a statutory vacation and October 20 will be an educational day.

School photo

As a reminder, the school photo will be tomorrow Wednesday in the annex and for the head office, it will be Thursday and Friday.

Thank you for your collaboration.

Stéphane Brunet

Director of the Barthélemy-Vimont school

And the whole school team
