Extended absence for medical reasons in the context of Covid

As last year, students whose medical condition (or that of a person with whom they reside) presents a risk of serious complications if they contract COVID-19 will be able to receive educational services at a distance, when a physician recommends that these students not attend school. A recent medical bill must be presented to the school principal, even for students who received these services last year.

Requirement to notify the school of a COVID diagnosis or symptoms

If your child tests positive for COVID (or if your child or family members have symptoms), your child must stay home.

You must communicate the information to the school immediately, by email at

b-vimont@csdm.qc.ca or by phone:

Home: 514-596-4572

Annex: 514-596-5180

Change of address and phone number

Please advise us if you move, specifying your child's name and group number (last year's or this year's).

Wearing a mask

Masks must be worn when moving around the school, in certain areas and on the school bus. If the situation changes, we will notify you. The school provides 2 masks per day to students.

Work in the annex

There is currently work being done to repair the roof which will last a few weeks. Everything has been planned to ensure the safety of the children during the work. Do not hesitate to contact us if you need help.

Formation of students groups

The student groups were formed last spring with the help of school staff, taking into account the strengths and difficulties of the students, and other criteria. For this reason, no requests to change groups or buildings will be accepted. Thank you for your understanding.

Email

We invite you to read your emails regularly. As the situation at Covid can change quickly, we will try to inform you as soon as there is any news.

We wish you all a great start to the school year! See you soon!
